Looks like there is a break between 11-11:30 your time. I can also break away most other time except maybe during the luncheon (1-2 your time) when I expect to chat with state folks.

Ron just did a nice job with the UIC overview talk.

Sounds like a tough struggle into work today.

Thx for your VM. I was on a somewhat chilly walk from Foggy Bottom where the Metro broke down to our building. Pretty, and cold! When does the plenary break?

I talked to Greg Sayles this morning and got some of the back story on how Ramona and Bob P got involved.

I sent out the tox info on the new chems to our folks to review.

The plenary session just started this morning. Let me know if you want to talk.
